FOR IMMEDIATE RELEASE

November 8, 2011

R&M ranked #60 on The Zweig Letter 2011 Hot Firm List

R&M CONSULTANTS, INC. (R&M) has been recognized with a #60 ranking on The Zweig Letter's 2011 Hot Firm list (<http://www.zweigwhite.com/g-68-the-zweig-letter-2011-hot-firm-list.aspx>) as one of the fastest growing architecture, engineering, planning, and environmental consulting firms in the United States and Canada. The firms on this list have outperformed the economy and competitors to become leaders in their chosen fields.

Rankings are based on a survey of industry firms conducted by ZweigWhite, the publisher of The Zweig Letter, and the nation's leader in enhancing business performance for architecture, engineering, and environmental consulting firms. Firms are ranked according to their three-year growth rate in gross revenue from 2007 to 2010, with 50% of the ranking based on percentage growth and 50% based on dollar growth.

"With the challenges facing A/E firms, particularly in the Lower 48, during these difficult economic times, we know how fortunate we are to be experiencing financial success," says Len Story, R&M's Chief Operating Officer. "This success is a tribute to the dedication and hard work of our talented staff, and the focus and vision of our management team."

Founded in Alaska in 1969, R&M offers civil, structural, geotechnical, and marine engineering; surveying and mapping; geographic information system (GIS) services; geology; environmental services; construction administration; materials testing; and special inspection. R&M has offices in Anchorage and Fairbanks.
