FOR IMMEDIATE RELEASE

November 7, 2008

R&M adds GIS Services and hires Arion, Rhodes and Aimonetti

To meet the needs of our valued clients, R&M CONSULTANTS, INC. (R&M) is pleased to announce that with the addition of **Teri Arion** to our team, we have added GIS Services to our comprehensive capabilities.

Ms. Arion joined R&M as a GIS Specialist in our Earth Sciences Department. She comes to R&M from the Alaska Department of Natural Resources, Division of Oil and Gas, where she served as a Cartographer. She has more than five years of professional work experience creating and maintaining data for Alaska's natural resources. Teri's GIS experience includes direct management of GIS databases and land, surface, physiographic, and subsurface data. She has a M.S. in Library Science from the University of Wisconsin, Milwaukee; a B.S. in Geology from the University of New Mexico; and GIS Certificates from the University of Idaho and the University of Alaska Anchorage.

In addition, R&M has expanded our environmental capabilities within our Earth Sciences Department with the addition of **Will Rhodes, E.I.T.** as an Environmental Engineer. Mr. Rhodes received his M.S. in Environmental Engineering and his B.S. in Geology, both from the University of Alaska Fairbanks. While working towards his graduate degree, Will managed all aspects of a project funded by the Alaska Department of Transportation and Public Facilities to test the field dissipation of a selective herbicide in two distinct climatic regions within Alaska.

Mark Aimonetti, PLS joined R&M's Surveying and Mapping Department as a Senior Land Surveyor in July 2008. He has more than 11 years of experience in field and office work. Mark has a B.S. in Surveying from Pennsylvania State University. He is a professional land surveyor licensed in California, and expects to take the two-hour Alaska Land Surveying Exam in April 2009.

Founded in Alaska in 1969, R&M offers engineering, surveying and mapping, GIS, earth sciences and construction administration.
