### FOR IMMEDIATE RELEASE

February 2, 2009

### *R&M's Pendergast qualifies as CPG*

**Kevin Pendergast, CPG** of R&M CONSULTANTS, INC. recently qualified for certification as a Certified Professional Geologist through the American Institute of Professional Geologists (AIPG). AIPG is the largest association dedicated to promoting geology as a profession. The Institute adheres to the principles of professional responsibility and public service and is the only international organization that certifies the competence and ethical conduct of geological scientists in all branches of the science.

Applicants for certification have a bachelor's degree or higher in the geological sciences, plus eight years of professional geological work experience.

Kevin is a Senior Geologist/Environmental Specialist in R&M's Earth Sciences Department and has been with the firm since 2001. He holds a B.S. in Geology from Oregon State University.

"Kevin's successful pursuit of certification through AIPG validates not only his commitment to the profession of geology," says Charlie Riddle, R&M's Vice President – Earth Sciences, "but also speaks volumes about his dedication to R&M and our valued clients."

Founded in Alaska in 1969, R&M offers engineering, surveying and mapping, GIS, earth sciences and construction administration.
